

Forklift Electrical Part

Electrical Part for Forklifts - Forklifts together with other lift trucks could have particular labels used in some hazardous locations. The mark denotes that this specific model of lift truck meets the minimum standards of ANSI/UL 553 intended for electric forklifts or ANSI/UL 558 for internal combustion engine forklifts.

Applications for marked trucks could be found in National Fire Protection Association NFPA 505 - Powered Industrial trucks including: Areas of Use, Maintenance and Operation, and Type Designations. Ask your local insurance provider and Fire Marshall for additional information concerning the permitted uses of industrial powered lift trucks in your application.

If the forklift has been proven to meet the outlined criteria, the following labels can be attached. A marked truck will have the model designation put on the lift truck nameplate and will have one of the following labels placed.
